

QUALITY PERFORMANCE TIRES

Kanati Tires Releases New Sizes for Mud Hog and Trail Hog Models

Anaheim, Calif. - December 8, 2016 - Kanati Tires has released new sizes for its popular Mud Hog M/T and Trail Hog A/T models, expanding both lines to a broader base of drivers. The new sizes join the dozens of sizes currently offered for each model, and are in stock and available through Kanati distributors and dealers.

The Kanati Mud Hog M/T is now available in 3 new sizes for 22" wheels.

The Kanati Mud Hog, with its powerful sidewall lugs and optimized void ratio, delivers traction and durability on both muddy and dry roads. The Mud Hog is now available in 25 total sizes, including new sizes for 22" wheels: 33x12.50R22, 35x12.50R22 and 37x13.50R22.

A true hunter of terrain, the Kanati Trail Hog crushes various types of weather and driving conditions. This tire is mountain snowflake rated and is pinnable for winter studs, making this a true all-season tire. The Trail Hog is now offered in 23 total sizes, including the new LT305/55R20.

QUALITY PERFORMANCE TIRES

The Kanati Trail Hog in size LT305/55R20 is now in stock.

Whether you spend more time on paved roads or muddy terrain, Kanati Tires help you transition with ease and security. Don't be afraid to go out and get dirty!
