Kanati Tires Launches New Website with Dealer Locator

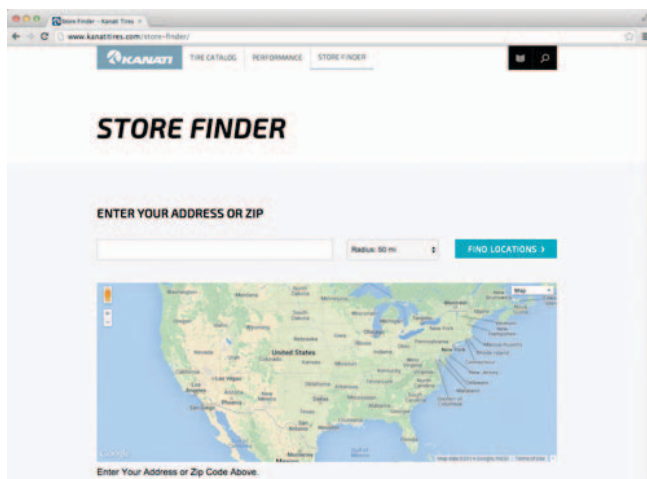

Anaheim, Calif. - June 17, 2014 - Kanati Tires has just launched its redesigned website (www.KanatiTires.com) complete with new features including a dealer locator. The Premier Off-Road Division of tire manufacturer and importer Greenball Corporation, Kanati offers mud terrain and all terrain off-road tires for light trucks, Jeeps, SUVs and UTVs.

"KanatiTires.com is a great resource for off-road enthusiasts," said Randy Tsai, Director of Kanati Tires. "We listened to the requests of our community and redesigned our site to provide them with a better online experience. The result is a fresh, new look with streamlined navigation and detailed content. We are all very excited that visitors will now be able to explore the entirety of the Kanati brand."

Kanati Tires was formed as Greenball's Premier Off-Road Division in 2010 with the release of the Kanati Mud Hog M/T. In 2012, the company used the Mud Hog as the basis for a revolutionary new tire, the Kanati Mongrel. Borrowing from the Mud Hog's versatile tread pattern, the Mongrel became the industry's first DOT approved tire built specifically for side-by-sides and UTVs. The newest addition to the Kanati lineup is the Trail Hog A/T, an aggressive all terrain tire designed to tackle any terrain or condition while maintaining a smooth ride on the road.

Visit the website to learn more about Kanati's lineup of off-road LT and UTV tires.

Check out the new Kanati website at www.KanatiTires.com and be on the look out for more information about the Trail Hog A/T hitting dealers in coming weeks. Follow Kanati Tires on [Facebook](#), [Twitter](#) and [Instagram](#) for more exclusive content and product updates.
